LADIES & GENTLEMEN, YOUR COMMITTEE TAKES PLEASURE IN PRESENTING FOR YOUR CONSIDERATION AND ADOPTION, THE TWENTY FIFTH ANNUAL REPORT AND FINANCIAL STATEMENT COVERING THE ACTIVITIES OF THE CLUB FOR THE SEASON 1984 - 85.

PRESIDENTS REPORT.

Ladies & Gentlemen,

On consideration of the Annual Report you will note the many achievements for the year. The high point was the Victorian State Centre creating an award for continuing excellence in patrol efficiency over a three year period.

Cape Paterson was the initial recipient of this award, which consists of an inscribed shield to be held at State Centre, a plaque for the Club and \$500.00 for the purchase of life saving equipment.

The continuing patrol efficiency must be attributed to the dedication of all members with the leadership of Jim Prendergast.

It is pleasing to see our members stretching out and extending their skills into competitive activity. Members travelled to Venus Bay, Jan Juc, Lorne, Wye River, Apollo Bay, Portland and Point Leo to show the Cape Paterson colours in competition. As a result of IRB competition, Cape Paterson was awarded a hand down Zodiac IRB.

The Junior Association was again in the capable hands of Melinda Menz with many others providing assistance. The surf awareness training given to the juniors is providing a valuable community service.

Our major find raising event, Button Day, has continued to flourish through the efforts of all members, in particular, the caravan club of families, Klooster, Menz, Phillips & Reid. The funds raised by the film nights are increasing rapidly thanks to Bryan Baulch and N.A.V.A. Pty. Ltd. for the use of equipment.

I must thank Bryan Baulch for the flow of newsletters throughout the Season and for his continued support as Secretary, Arthur Phillips for managing the working bees essential for the maintenance and re-structuring of the clubhouse and boat shed.

To my fellow Committee Members, Patrol Captains and members, I thank you all for a great effort during the year and wish the incoming committee a very successful year.

JOHN CANTWELL,  
PRESIDENT.

Season 1984/85 was my 6th as Club Captain and it was the easiest so far due to the conscientiousness of the Patrol Captains and the help of many members.

Patrols this season have been well attended with few people continuously defaulting. I thank the Patrol Captains for a job excellently done. In period A we ran 4 Patrols which was expanded to 5 for period B. Running 5 patrols stretched our man power too thinly at times with some patrols missing people holding important qualifications. Each number was expected to complete approximately 50 hours on patrol and many completed far more than this as volunteers. Our present active membership of 48 is still growing and so individual patrol hours will steadily fall.

We achieved our best results even in the patrol inspections this year.

- Inspection 1: 472 - 4 Questions Wrong
- Inspection 2: 476 - 2 Questions Wrong
- Inspection 3: 480 - Full Points.

A loss of Only 12 points for the season is the best we have done. This again has only gained us second place in the State, only 10 points behind Waratah Beach. State Centre has introduced an award for "Continued Excellence" in the patrol competition to be presented every 3 years.

During the Season these major events were held:-

- The Club Championships: was an excellent day of fun and competition in perfect weather. I wish to thank John Cantwell for recording the results and starting, I also wish to thank Venus Bay for the use of their boat.
- The Junior Carnival: again was an excellent day with fine weather. I thank all those of the Caravan Park who ran the stall. Nine serious IRB rescues were performed by the highly skilled IRB driver and crew in the large surf of that day.

Cape Paterson's presence was strongly felt at Portland at the State Titles this year. Apart from individual competitors a team made a spectacular attempt at the march past. A very similar team made a "unique spectacle" strolling around Pt. Leo beach in the National march past competition. These events were great for the Club and they allowed the state to see Cape Paterson in action again.

CHIEF INSTRUCTORS REPORT.

I was absent at the start of the Season. Training was organised by Christine Trood and Jim Prendergast. My thanks to those two without whom nothing would have happened.

We still need more IRB Drivers. I ask all members to set their sights on this award for next season.

The IRB Instructors Certificate, gained by Mark Legg, is an example of an award well earned. Mark has been training members for the IRB for at least three seasons now. It is only this season that he decided to get an award for it.

Apart from the lack of IRB Drivers I am pleased with the numbers of qualifications gained this season.

JUNIOR ASSOCIATION REPORT.

This Season Little Nippers was very successful with a total of Twenty One Nippers participating in the program throughout the Season.

The Little Nippers program consists of First Aid, Surf Awareness, Exercises and various games as well as swimming which is designed to enrich confidence in the Surf.

Once again our Club was host to the Junior Association Carnival which was a most enjoyable day.

A special thanks to everyone who assisted with the running of Little Nippers and a personal thanks to everyone who helped make the canteen on the day such a success.

MELINDA MENZ.

GEAR STEWARDS REPORT.

A complete inventory of gear was prepared during the Easter clean up and this list will be passed on to my successor.

I would like to thank all members who helped with the clean up and checking of equipment. Before the commencement of Season 1985/86 it is important that equipment be checked again and any deficiencies be replaced.

CLAIRE BAULCH.  
GEAR STEWARD.
