SURF BOAT CAPTAIN:	Peter Fitzgerald
FIRST AID OFFICER:	Donna Fitzgerald

## PRESIDENT'S REPORT 1992/1993

---

Season 92/93 has seen our Club make steady improvement in all areas, particularly the junior section. Congratulations, Donna! Your hard work is showing good progress in support from several parents and families. Allie Chippindall was involved with Donna in setting up helping to run the many training sessions. The Chippindall Family is thanked for their sponsorship of the Annual Nipper Award, which is most appreciated. This area is vitally important to our club as patrolling members, as well as office bearers, should emanate from this section.

The Progressive Dinner was held earlier in the season so as to enable senior members to meet the "up and coming" members and proved to be a huge success. I must thank Nancye and Karen for their efforts in setting up this social function. Thanks to Barbara, John, Margaret and Bryan for the use of their homes and their culinary expertise, as not much food was left over. Clubbies of all ages certainly are goo "on the tooth".

Nancye was also instrumental in another successful Paddy's Market, and her support throughout the season was unstinting. Thank you, Nancye!

Tony and Jacqui performed their exacting roles as Secretary and Treasurer respectively, in the exemplary manner I have learnt to expect from them. Congratulations to them on the arrival of their son Daniel.

Bradley as Club Captain does not hold the easiest or most popular position in the club. He no the less performed his responsibilities competently, capably and fairly. Thanks, Bradley!

The Bronze Squad again was well trained, and with the good potential should yield some excellent members. Well done Sharyn, and to the instructors that helped her.

Karen worked hard as a newshound, scribe and editor of the Bombi Bulletin. Dean's support in the printing of the club news is also appreciated in this convenient means of informing all members in the 'goings on' in their club.

My committee supported me throughout the season as I would have hoped, particularly Peter Pearce. Thank you! Thankyou for allowing me to be President for the past season.

ARTHUR PHILLIPS  
PRESIDENT

# TREASURERS FINANCIAL REPORT SEASON 1992/1993

## CLUB CAPTAIN REPORT 1992/1993

---

We have had another busy season and I would like to thank all members involved in the various club activities. There are several areas that I would like to report on: Patrol Efficiency, Instruction, Equipment and Club Members.

Our patrolling efficiency was very good this year but can be improved upon with a more consistent effort from all patrol members. Even though we are a voluntary organisation, we accept a legal "duty of care" to provide patrolling of the beach. Correct patrolling procedures and promptness to the start of patrol is necessary as it means that the patrol is prepared to recognise possible dangers and respond to them appropriately. This is to increase beach safety for all members of the public. During the season the club has been enforcing penalties associated with lateness and patrol defaults and this will be seen as more important next season. To encourage active members with a 100% patrolling efficiency next season the club is planning to provide embossed T-shirts and shorts to reward members. This season we won the District for the State Patrol Competition. This is especially satisfying when our District (Bass) had the best overall district patrol efficiency of Victoria with a result of 94.32%. We came fifth in the state on an individual club basis and next year I believe that we can improve upon this result.

Patrols can only operate effectively with the leadership of the Patrol Captains. My thanks to Robert Harvey, Alison Parsons, Sharyn Fitzgerald and Dean Manns. The younger patrol captains have been helped with the experience of senior active members in the program implemented last season. My thanks to all involved as it has been a successful program that should continue in the future. Being a Patrol Captain is very rewarding and helps to develop many valuable personal characteristics, including; leadership skills, resource planning and development of communication skills.

There has been a lot of work done in the last couple of seasons with the running of Bronze Camps. This year was no exception with an intensive week long camp. A special thanks to the Instructors and all of the club members that helped in the provision of the overall program. It is a valuable experience for newer members to help in the running of future camps as they help to reinforce understanding of the Bronze Medallion content and is good fun.

The equipment provided by the club is of an excellent standard. We are fortunate to be able to purchase rescue equipment that is deemed necessary without over concern of finance. This is possible only through the concerted efforts of all members, both active and associate, in fundraising activities and the correct treatment of all club gear. This year we had one of the largest groups collecting on Button Day. As Club Captain my job is much easier when this aspect of the club is going so enthusiastically.

Simon Marangio has been of invaluable support to me in his role of Vice Club Captain. He has been very helpful in organising activities and assisting around the clubhouse generally. In particular I would like to thank him for deputising for myself when required, and his input on policy decisions. A general thanks to all of the active Club Officers for the diligent execution of their tasks.

To all members I would like to thank them for their involvement and I believe that we can continue to improve our provision of care and have lots of fun as well.

**BRADLEY PHILLIPS**  
**CLUB CAPTAIN**

## CHIEF INSTRUCTORS REPORT

The highlight of this season was once again the live-in Bronze Camp held in the first week of January. Clubhouse facilities reached their limits with the fifteen candidates and four Instructors, the most successful Bronze Camp yet! All candidates and their Instructors passed their examinations, with only two major mishaps causing the ambulance to visit three times on the one day (only one visit was planned). Anna, Robert, Travis and David all deserve full credit for their patience and perseverance for the whole week.

Thanks must also go to all those members that assisted in training the Bronze squads such as; driving the duck, supervising water activities, instructing theory and generally helping with the emotional and moral support of the candidates (and Instructors!). A special thanks to Alistair Low who assisted greatly with the IRB and in particular driving in the most abhorrent weather conditions with no complaints.

Wendy trained another important squad for the Advanced Resuscitation Certificate. All three candidates were successful and Wendy gained her Instructors. The next step for these ARC holders is to gain their Training Officers Certificate (TOC) by instructing a Bronze squad.

Other awards achieved this season are listed below and include 14 ROC's, 5 RIC's and 3 SLSC candidates who trained with the Bronze squad and passed their examination easily. Unfortunately no IRB Drivers certificates were completed this season, but with a few members already training, no doubt we'll see more next season.

<b>ROC</b>	Rebecca Power Jessica Bonsack Rudi Geppart Sam Chippindall Sarah Burrows Paul Howard Catherine Barker	David Myers Stuart Briggs Warren Burns Matthew Fitzgerald Nicholas Stone Lachlan Mosley Jodie Barker Katherine Miller	<b>BM</b>	David Myers Stuart Briggs Warren Burns Matthew Fitzgerald Nicholas Stone Lachlan Mosley Jodie Barker Katherine Miller	Rebecca Power Jessica Bonsack Rudi Geppart Sam Chippindall Sarah Burrows Paul Howard Catherine Barker
<b>SLSC</b>	Daniel Murphy Rebecca Aucote Meagan Graham		<b>ARC</b>	Linda Rogers Alistair Low Matthew Fitzgerald	
<b>RIC</b>	Stewart Oaten Robert Harvey David Cantwell Anna Howie Alistair Low		<b>TOC</b>	Anna Howie Robert Harvey Travis Wallace David Cantwell	
<b>ARCI</b>	Wendy Devine				

Thanks to all surf club members who gave up their time to ensure our club members are efficient and qualified in all aspects of Surf Life Saving. The Chief Instructors job could not be achieved without the assistance of all club members. Thank you for your contribution! I look forward to next season with the hope that members will continue to increase the numbers of certificates gained.

**SHARYN FITZGERALD**  
CHIEF INSTRUCTOR

## **IRB CAPTAIN REPORT**

---

All patrols were rostered with two qualified drivers this made the craft available at all times during patrol hours.

Both IRB's were brought up to Association Standards at the commencement of the season and passed gear inspections with no deductions. During the season we had a number of motor problems but this has now been rectified with a change in the purchase of fuel and moving to a new outboard motor repair company Boronia Marine in Melbourne.

In the later months of the season two members started training but still need additional hours to be competent to complete the IRB Drivers examination, these members are continuing to train over the winter months and should be ready for examination at the IRB weekend planned for July, 1993. Currently training are: Stewart Oaten and Paul Howard for the IRB Drivers Award and Peter Fitzgerald, David Cantwell and Alistair Low for the IRB Instructors certificate.

If members wish to do their IRB Drivers certificate it can not be achieved in five minutes, as some think. You need to complete a minimum of 15 to 20 hours in the surf and still water.

When you wish to commence training let me know. Unfortunately the Club has not competed in IRB carnivals which is disappointing, no members have indicated their interest, we should plan to compete next year and if interested please put your name on the notice board or contact me.

I would like to extend my personal thanks to the following people and organisations who have especially supported our IRB's and their operation during the season;

Norwich Life Australia	Sponsorship of the craft.
Peter Fitzgerald	Delivering of motor and trailer for repairs.
Bradley Phillips & Simon Marangio	For assistance with keeping up petrol for the season.
Boronia Marine	Financial assistance with motor repairs.

In conclusion, both craft are in excellent condition but one motor should be replaced at the commencement of the season, if any member knows of a sponsor for wither motors. or a replacement craft, let me know and we will forward a submission. I also wish to thank the club operators for looking after the craft and a number of members who assist with transportation of the boat to the ramp.

For future planning, don't forget the next IRB Training Weekend:

---

10th & 11th JULY, 1993 POINT LEO CONTACT: Peter Pearce

**PETER PEARCE**  
**IRB CAPTAIN**

## **JUNIOR CLUB DELEGATE:**

The Nipper Program this season began slowly, built up to a crescendo early January and finished with a big BANG. The highlight of the season was definitely the Junior Carnival, which was held at our own beach! With the help of numerous club members, along with loving and eager parents the Nippers and I had a fantastic day, with lots of laughter and fun, we also managed to win the carnival!!!!!!!

With the addition of two new (lighter) nipper boards we were able to spend more productive time in the water, whilst acquiring more refined skills. Congratulations to Nathan Murphy for gaining the encouragement award for his eagerness, courage and sportsmanship throughout the program.

Many thanks go to the club members whom helped out with water safety and the carnival. Also thanks to the parents whom assisted, encouraged and were available for helping out in times of need! Special thanks to Bradley and Allie for their help and support with the Nipper Program.

To all the Nippers thank-you for a terrific summer, especially the carnival, which can only be improved by another great season.

**DONNA PHILLIPS  
JUNIOR CLUB DELEGATE**

## **APPAREL REPORT**

At the commencement of the season a number of Cape Paterson clothing items were available for members to purchase.

Apparel consists of:

- Chinooks
- Track Pants
- T-Shirts- Long & Short Sleeve
- Shorts

If members have any suggestions for next season let me know, sales this year were reasonable but a lot of members should consider purchasing club apparel.

Items will be available for sale at the AGM.

Thank You!

**PETER PEARCE  
APPAREL OFFICER**

## **GEAR STEWARTS REPORT**

---

The season started with the regular gear inspection which with certain minor alterations and assistance was successfully completed. The 1992/1993 season saw the acquisition of two new LAERDAL AQUATIC RESUSCITATORS which are more portable than the old Oxy-Vivas and designed for Surf Life Saving. With the onset of summer and what looked like a large bronze squad two new rescue boards were purchased.

The rescue and racing equipment was given a thorough work out over the season and anyone interested in honing their skills or training, for the upcoming season is encouraged to do so. During the season all members must be careful with the equipment they use as the cost of replacement and maintenance can be greatly reduced. I would like to thank all those members who helped myself as gear steward and generally around the club. I look forward in seeing you all for another good season at Cape Paterson in 93-94.

DAVID CANTWELL  
GEAR STEWART

## **BOAT CAPTAINS REPORT**

---

My report this year is better than last year, although we have not been to carnivals there has been more interest shown in the boat. But there needs to be more enthusiasm and dedication in training in the boat, especially with the females as they now have a Female Boat Race for the coming season. Anybody who is interested in boat rowing or can contribute to the boat, in any way, should contact Tony or Beefy. As I have said before patrolling is the first priority of any club but also anyone who wants to patrol may help by doing substitute patrols for other members to be able to attend training or carnivals. This makes it easier for members to fit in patrols, carnivals, training and travelling.

The club will arrange training sessions in Melbourne and Cape Paterson if numbers require it. So if anyone likes to get together a team of four rowers we will organise the equipment for training. We need to get in early to get training started before patrols start so as to organise a schedule around your patrol times.

In closing I would like to thank those who have helped me this year with the boat and training. See you at the club!

PETER FITZGERALD  
SURF BOAT CAPTAIN

## **JUNIOR CLUB CAPTAIN REPORT**

I have really enjoyed being Junior Club Captain this season and it was great to see a lot of new junior members coming into the club. I hope you enjoy your involvement with the Club and stay on for many more years.

Bronze Camp was one of the highlights of the season, being a live-in camp for a week. Everyone did well in passing the exam at the end. The instructors worked hard in keeping us busy with all the training and it was a great experience for all the Bronzies.

The Club Championships proved to be an eventful day and most junior members participated, which was good to see. A few Juniors turned up to some carnivals, but I would like to see a lot more competing next season.

I look forward to seeing you on the beach next season.

**SAM CHIPPINDALL  
JUNIOR CLUB CAPTAIN**

## **TEAM MANAGERS REPORT**

Cape Paterson again enjoyed a successful competition season in 1992/1993.

While the number of competitors may have been down from last season, the quality of competition and the level of enjoyment at carnivals was to its usual high standard.

The Victorian Titles were held at Jan Juc this season with seven people attending the weekend and six of them competing in variety of events from flags, malibu and ski events.

It is great to have some junior members becoming more enthusiastic in the craft area and I hope that next season we see more "fresh faces" attending carnivals.

Remember that to do well at carnivals you must train during the winter and that Club equipment is usually available at any time with the appropriate permission from the Club Captain or Gear Steward.

There is a lot to be gained from competition and it is a vital part of Surf Life Saving. I hope to see an equally rewarding season next year. Most of the fun is in attending, regardless of the competition results.

**DEAN MANNIS  
TEAM MANAGER**
