## President

The club exists to patrol the surf beach at Cape Paterson and maintain the safety of the swimming public, but it is far more than that. It is a group of friends, an association with common interests; its members have a great sense of community and mutual support. This has never been more evident than at one of the saddest moments in the club's history.

My first season as President has seen many highs:

The new enhanced clubhouse with its great storage areas for the boat, duck gear and those bloody surf skis. It seems we are forever thanking the building committee of Arthur, Tony, Barb and John but they have given huge amounts of time renovating the clubhouse, and as soon as phase 1 was done they started on the kitchen. We will certainly have one of the best clubhouses in the state once all renovations are done. We must look after it, continue to develop its potential and use this fabulous asset.

The visit of the Governor General saw the club awash with VIPs, the Governor General of Victoria, Mr John Landy, his wife, the mayor and CEO of Bass Coast Shire, the member for Gippsland West, Ms. Susan Davies and all the nippers and parents. Thankyou to everyone who made this day run so smoothly.

I have stated that my main goal is to strive for a vast improvement in our patrol efficiency. Officially we improved slightly using the state centre patrol competition results. This does not reflect our actual improvement through periods A and B. David has strived to achieve improvements in patrol competency with a marked improvement in uniform, and vigilance, well done David. We now have to maintain this standard throughout the season into period C.

Two areas of standard club operations stand out as achieving great results this season. Firstly, the nipper program, it not only improves the skills of many potential active members but attracts one of our greatest resources, their parents. Well done Debra and Angela. Secondly, a huge number of awards were gained. This is great for the overall proficiency of our active members but it takes a great effort by the Chief Instructor. Well-done Nyree.

We did not maintain our active memberships numbers this season, recruiting must always remain a high priority.

Fundraising this season is down on previous years. We did not have a major raffle and it was very sad not to have had a Paddies Market. It not only raises the club many thousands of dollars but also brings many of our supporters from throughout Cape Paterson to the club. They get to do their bit. It also acts as a great open day for the club, how many times have I stood on the balcony and agreed with strangers that we have the best view in Cape Paterson. If Paddies Market is not to run we have to replace it with something, which will bring as many people through the club. Fundraising is the third most important activity the club undertakes after patrolling and recruiting. We must fund raise otherwise our resources and gear deteriorates.

I would like to thank all members of the club for completing another successful and safe season at our small piece of paradise.

Thank you Wendy!

Jim Prendergast

## Secretary

Dear Members,

On behalf of the Management Committee of the Cape Paterson Surf Life Saving Club Incorporated, I submit for your consideration and adoption the 41st Annual Report and Financial Statements covering the activities of the club and its members for the 2000 / 2001 season.

The role of secretary can be very frustrating but also very rewarding. ( Sometimes both at the same time. ) Without the support of Jacqui who opened / listed most of the correspondence and Barb Manns who fills out most of the forms the job could be much larger and time consuming.

Throughout the year we have successfully introduced several items to shorten our meetings. These have included emailing reports to the secretary *prior* to the meeting to allow the to be forwarded to all committee before the meeting. This allows committee members the opportunity to consider the report in depth and raise questions at the meeting. It also means we don't have to read out every report at each meeting. Minutes of each meeting are emailed to each committee member saving time and postage.

I was pleased to see Cape Paterson lift our placing in the Sunsmart Patrol Efficiency Competition to 15th place out of 38. While there is still plenty of room for improvement, Millsey and his team have made a great start.

Congratulations to Nyree Potter on a massive season of instruction. Our last list from State Centre shows 101 awards gained within the club for the season.

Thanks to Arthur Phillips and John Manns for all the work around the club.

Well done to all our members and I hope we have a bigger, better season in 2001 / 2002.

Tony O'Connell

## **TREASURER'S ANNUAL REPORT**

The past year has been an exceptionally busy one for me – returning to T.A.F.E. part time to learn how to switch the club accounts over to the M.Y.O.B. accounting system. After a few hiccups, mainly caused by the G.S.T., it seems to be working o.k. (It would be much easier without the G.S.T.)

Final payment of \$13,501.01 was received for the first Grant from the Lifesaving into the 21<sup>st</sup> Century grant. Arthur, John and Tony, with the help of a very few others, have already started the second stage upgrading the kitchen, office and wash-down areas. We can only claim accounts for this second grant when ALL work is completed which must be prior to 31<sup>st</sup> August 2001.

Income for the year was down a bit on last year mainly because of the grant money received in the previous year, and also due to the cancellation of Paddy's Market, etc. "Membership Day" ran at a loss in part due to quite a few invited guests for the official opening on the renovated clubhouse.

The Electricity account was well down on last year because the meter reader could not access the meter box. (We have had an account from TXU for \$713.40 in May for the arrears.) The Australian Tax Office has refunded \$1,011.14 the difference between what we paid and received due to the G.S.T.

You will note that the Personal Accident Insurance in the last two reports. An account for this insurance has been received in May from State Centre.

The private use of the clubhouse telephone is a problem. Some members have accounts outstanding (at the time of preparing this report) for quite large amounts. To collate the phone accounts to be paid by members takes between 10 and 15 hours at least twice a year!

Barbara Manns  
Hon. Treasurer

**CAPE PATERSON SURF LIFE SAVING CLUB INC.**  
**Registered No. A3289**

**FINANCIAL YEAR ENDED 30<sup>th</sup> APRIL, 2001.**

**NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS**

**1. STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES**

This financial report is a special purpose financial report prepared in order to satisfy the provisions of the Rules of the Association and the requirements of the Associations Incorporation Act (Vic).

The financial report has been prepared in accordance with the requirements of the following applicable Australian Accounting Standards:

AAS 1: Profit and Loss or Other Operating Statements

AAS 8: Events Occurring after Reporting Date

No other Australian Accounting Standards, Urgent Issues Group Consensus Views or other authoritative pronouncements of the Australian Accounting Standards Board have been applied.

The financial report is prepared on a cash basis and is based on historical costs and does not take into account changing money values.

**CAPE PATERSON SURF LIFE SAVING CLUB INC.**  
Registered No. A3289

**FINANCIAL YEAR ENDED 30<sup>th</sup> APRIL, 2001.**

**STATEMENT BY THE TREASURER**

In my opinion, the accompanying financial statements, being the Statement of Receipts and Payments, present fairly the results of operations for the year ended 30<sup>th</sup> April 2001, and have been prepared in accordance with Australian Accounting Standards as a special purpose report.

**BARBARA MANNNS**  
TREASURER

**19th JUNE, 2001**

**AUDIT REPORT TO MEMBERS OF THE CAPE PATERSON SURF LIFE SAVING CLUB INC.**

**SCOPE OF AUDIT**

I have audited the financial statements of the Cape Paterson Surf Life Saving Club Inc. for the year ended 30<sup>th</sup> April, 2001. The Committee is responsible for the preparation and presentation of the financial statements and the information they contain. I have conducted an independent audit of these financial statements in order to express an opinion on them to the members.

My audit has been conducted in accordance with Australian Auditing Standards so as to provide reasonable assurance as to whether the financial statements are free from material misstatement. My procedures included examination on a test basis of evidence supporting the amounts and other disclosures in the financial statements. These procedures have been undertaken to form an opinion as to whether, in all material respects, the financial statements are presented fairly in accordance with Australian Accounting Standards as a special purpose report so as to present a view of the society which is consistent with my understanding of its financial position.

The audit opinion expressed in this report has been formed on the above basis.

**AUDIT OPINION**

In my opinion, the financial statements present fairly, in accordance with Australian Accounting Standards, the financial position of the Club as at 30<sup>th</sup> April, 2001 and the results of its operations for the year ended on that date.

**ROBERT F. CARDELL**  
CHARTERED ACCOUNTANT

**94 WATT STREET,  
WONTHAGGI, VIC 3996  
20th JUNE, 2001**

## Club Captain

Whilst the shoes of my predecessor were not too difficult to fill in a physical sense (just kidding Linda!), in terms of roles and responsibilities they were far greater than I could have ever imagined.

This season saw several highlights including the success of membership day, including the presentation to Karen Phillips of her life membership, the visit of the Governor General Mr. John Landy to talk to our nippers and a presentation night for those who had achieved awards during the month of January.

This season the club finished 15th overall in patrol inspections, an improvement on last season's 22nd. However at the start of the season the goal was to finish in the top ten, so in a sense we have let ourselves down.

There are many thank-you's to be given for those who did an amazing amount of work this season. A BIG thank-you to the following people: patrol captains, Alistair Low, Michael Mules, Peter Clarkson and Nick Stone for their efforts during some trying times throughout the course of the season. Nyree Potter who amazingly put through over 100 awards this summer, the 5th highest in the state. Congratulations Nyree, well done! Angela Hawkes and Debra Middleton as nipper delegates, taking over from Rebecca Bohnsack was always going to be a big assignment and girls came through with flying colors. Nippers is certainly the future of the club and it certainly seems to be in very capable hands. Trent Doherty and David Hawkes have certainly learned a lot from their first year as team managers, from running club championships to organising a team for the state titles. A good effort from the boys, and I am sure they will be better for the experience next summer. Competition is an area the club has continued to improve in every year with it's depth and talent, we are now at a stage where making finals quite regularly. To take the next step and place in those finals is the next challenge.

Also congratulations to the following people who have taken out the following awards. Club Captain's award Best Senior Clubman-It is with little hesitation that this award goes to Robert Harvey. Robert has been in the club several seasons now, but this was truly a standout year. Over 200 patrol hours and the successful instruction of 2 bronze camps, as well as obtaining his IRB driver's certificate this summer and numerous other tasks he carried out with a extremely high level of enthusiasm. Well done Robert this award is richly deserved.

Club Captain's award Best Junior Clubman-The award this season goes to David Ingle, David's energetic approach to patrolling and especially helping out at nippers is fantastic and had certainly endeared him to many at the club. Congratulations David on your INTENSE efforts! Notable mentions must also go to Vaughan Bascombe and Kendall Brown.

It is with the deepest regret that I finish this report on a sombre note by informing members of the recent passing of Nick Mules, after a long battle with illness. Nick's contribution to the club since joining seven seasons ago has been enormous and he has left a void that could never be filled. Club members I am sure will miss his enthusiasm and positive attitude he brought to the club.

David Mills

## Patrol hours

## Chief Instructor

### What A Season It Was!

The season got off to a sidesplitting start with two Senior First Aid Certificate courses being run early in the season. They were followed very closely with members attending Silver Medallion courses in patrol captaincy and life support. In between all of these, we had members obtain their Advanced Resuscitation Certificates and others gain Training Officers Certificates in their chosen areas.

The season started off with a very busy membership day and it wasn't long before it was *that* time of year again - Bronze Camp. As with every Bronze Camp there was no surf all week till "Hughie" put on a show for the exam. It was also the first camp that an Advanced Resuscitation Certificate course was run at the same time. The camp was also extremely busy with Radio Operators Certificates, and our wonderful nippers worked extremely hard to gain their Basic Resuscitation Certificate.

Due to the interest from the public and nipper parents during the Bronze Camp exam it was decided that a second Bronze Camp would be run. This one was held on weekends. And true to form we had all kinds of weather. From 40-degree day's where there was no surf and it was just too hot, to days where it poured with rain and was freezing cold. All our Bronzies from camps one and two passed with flying colours.

Throughout the season we also had members training for their Silver Medallion (IRB Driver) and IRB Crew Certificates and March saw their exam ... finally! It was postponed a number of times due to no examiners being available, but at least we knew they were ready.

Over all we saw just over 100 awards awarded to active members, nipper parents, new members and nippers this season. This saw our club gain the fifth highest amount of awards put through by any club in the state. We finished behind Portsea, Anglesea, Torquay and Ocean Grove, which is no shame to us!

This could not have been done without the dedication of members to gain awards and help from the following people who helped in a range of areas from Basic Resuscitation Certificates to behind the scenes. Thanks heaps to Robert Harvey, David Mills, Michael Mules, Nick Mules, Trent Doherty, David Hawkes, Angela Hawkes, Bec Bohnsack, Wendy Graham, Debra Middleton, Jim Prendergast, Karen Phillips, Simon Marangio, Tony O'Connell, Alan Taylor, the examiners, water safety officers, but most of all, Mum and Dad.

Thanks for a busy but fantastic season.

Nyree Potter  
Chief Instructor

## Junior Club Captain

The season of 2000/2001 was a very successful season in more ways than one. The juniors showed off their talents in the traditional Bronze camp, and bronze camp number 2! The carnivals including VICS and club champs was a time where Cape Paterson viewed their new, up and coming stars! Lastly we cant forget the pizza night, where we were bombarded with little juniors, so it turned into a very successful juniors and nipper pizza night!

Bronze camp kicked off in late December going through to early January. With lots of enthused bronzies, Nyree and Rob instructed them through the camp. It was once again a positive and accomplished camp, with all members passing! As for the second bronze camp, Cape Paterson showed off their talents one more time at Inverloch beach. Much to their surprise, Cape provided an intelligent, quick and proficient team of new bronzies compared to the Inverloch team!

Lorne was the venue for VICS this year, and Cape Paterson had a whole tribe of competitors. 25 members camped together, except for 1 who got to sleep in a nice bed & breakfast, which caused a lot of jealousy on the night of the storm!!! Congratulations to Colin, Trent, Dave, John and many others who performed very well in the heats and finals on Sunday. The juniors enthusiasm and encouragement of all the competitors was rewarding for all!

As the tradition goes, the juniors get \$100 to spend every season. This year we had lots of pizza's, chips, drinks, and DVD's. As it turned out, the night became a nipper night as well. From about 15 people, we had about 30 people all sitting around enjoying the movies. It was great night shared by all, and there were many pizzas left over, which were consumed shortly by the patrol the next day!

I'd like to thank all the juniors for being really enthusiastic about the club this year, and always trying there hardest! Thanks to Trent and Elise for helping me organise the pizza night, and goodluck to all the juniors next year!

Lou Bohnsack

## Junior Club Delegates Report

When Ang and I first took on the dual responsibility of the Nipper Delegate role at the Club, we wanted to set ourselves personal goals for further developing what was already an excellent base program established by Bec. The main goal was to increase the focus of the program on key aspects which we felt were essential in the development of lifesaving, personal and leadership skills.

We took a step back and looked at the big picture and we asked ourselves if we were parents with children in the program, what would we want the program to achieve and how would we want it to be conducted. We also asked ourselves, as Nipper delegates what is our responsibility to all the people – Nippers, volunteers and parents – that are involved in the program and what kind of culture did we want to help build in the club.

We can up with a number of goals:

- To create a program which centred on the development of surf survival and lifesaving skills
- To develop our relationships with parents and children alike
- To increase participation by parents and other members who have not been involved in the past
- To co-ordinate a program that had a strong social focus as well as skill focus
- To make sure everyone who was part of the program felt equally important and enjoyed themselves
- To integrate the Nipper program into other parts of surf club life and break down communication barriers that previously existed
- To develop relationships with other clubs in the Bass Coast area through friendly competition and co-operation
- To make you feel that you are as important to the Club as any other patrolling or non-patrolling member
- And equally important... to have fun while we were doing all of the above

Looking back over the year and what we have achieved as a Club we both feel an immediate sense of pride and in being involved with something so worthwhile... especially in the Year of the Volunteer. This is even more so when we think about what the Nipper program and all those involved – parents, children, age managers, water safety officers, IRB drivers, marshalls and everyone else – have achieved. You all deserve a pat on the back for without you we would have struggled to deliver a program that saw such rapid development of lifesaving skills to such a high number of kids. In fact, without you we are certain it would have been almost disastrous and very stressful.

This year has been a year of so many firsts and highlights that we would not know where to begin, the highlights are so many that there is not enough room to cover them all. Our biggest highlight however, has been seeing all the kids who have taken part this year develop their skills, and knowing that many are safe when in the surf as a result. The enormity of this can never be measured and we thank you for providing us with the trust you placed in us when placing your children in our care.

The incorporation of the Resuscitation Certificate this year has been one of our greatest accomplishments. Twenty Nippers this year took the first step down the path to becoming surf lifesavers. This certificate, recognised by Surf Life Saving Australia, is the first award anyone can do in the life saving program. We were amazed and pleased by the number of kids who wanted to do this and during the program saw evidence of the future of the Club in years to come. We know now that we will have many great surf lifesavers over the years ahead and that the public is safe for a long time to come. In fact there were so many kids turn up that Dan, Felty and Trent had to organise into groups to cope. Only problem was they were all so popular that there was fighting amongst the kids as to who was going in each group with the guys. Thanks guys... popularity is a burden!

Also again this year, with extra boards and other equipment available we were able to spend a lot of time in the water developing board and surf skills which become important later on patrol... as well as being a lot of fun. Without the large numbers of water safety officers who volunteered to help out, and willing parents on the beach to help out with other activities we would never have been able to do this. The weather also made this a lot easier too. Although for Jack and Isabelle and some of the other little dudes it didn't matter how warm it was, we still couldn't stop them from shivering.

Nippers on Patrol has continued to be a wonderful part of the program again this year and we will be continuing this for years to come. Getting to know the surf lifesavers and hanging out on patrol for a couple of hours is a great way to build relations in the Club and understand what we do on the beach. I'm sure that the Nippers enjoyed the opportunity to get out in the IRB too! It was also great to see all the kids get into the patrol rivalry at Club Champs this year. Go Patrol One!

With no accidents, no incidents (except for some minor sand throwing issues), warm weather and lots of laughter and fun, I would have to say that this has been the most enjoyable time I have spent down at the Club in my brief time together (Ang I can't speak on behalf of but I am sure agrees). It is fantastic to see families getting together outside of season and the Nipper program to socialise. It is also great to see that Club loyalty is alive and well... if not somewhat biased... when we go somewhere as a group.

Penguin parade, social nights, the first ever Victorian Championships team in I don't know how long, smiling faces, caravan park cricket, and a March Past that no one else saw but us at Warrnambool. A few good drinks with friends along the way and always a shout on the beach after the program finished from a Nipper somewhere on the beach to say Hi are but a few highlights.

John Landy's visit, retaining the Nipper Fun Challenge shield from Inverloch and Venus Bay, the carnival at Pt Leo were some more. Not to mention sprint sessions, dolphin diving competitions, board races, watching flags and seeing the kids learn mouth to mouth, watching them make new friends, finals positions and a medal at Vic Titles.

To those who volunteered to help out holding hats and towels, writing down results, freezing the you know what's off in the surf while the kids were in the water, managing age groups for us or just being there to watch their kids and have a chat... Thank you.

You are the people who make it worthwhile and keep us sane. We have many stories that we can tell, and many memories that we share. The bond of those in a volunteer organisation is one of strength and friendship that can never be broken. One story rings true however about the true spirit of Cape more than stories of large teams going to carnivals and winning medals. Before season started a carnival was scheduled at Williamstown. We had one representative, Chelsea Bowman. Her report for the Bombi never made it to publication so now here it is in true Cape Paterson spirit...

"On Sunday the 9<sup>th</sup> of December I went to the Nipper carnival at Williamstown. I competed for Cape Paterson in the Iron Nipper Classic and came last, but it was a good experience. Next I did board and that was cool. As there was only one of me it was a bit hard to go in the team events (mum and dad didn't qualify), so I joined forces with the only two competitors from Venus Bay (both boys). Because the Cape Paterson colours were so much nicer than the Venus Bay colours, I got them to wear our caps. We competed in the wade, board then swim and came 5<sup>th</sup>. All in all it was a good day, but there was something missing, there were no strong winds and tidal waves like the traditional carnivals at the Cape!"

To those of you who are not coming back to Nippers next year, including Chelsea, we hope you enjoyed your time at Nippers and that you continue with the Club next year to do your Surf Rescue Certificate. Maybe we will see you on the beach in an orange water safety hat. Friends made at the Club, and in Nippers especially, are friends that last forever. The memories and good times had together will last longer. Felty, Trent, Lou and many others alike are living proof of that.

To all others, we'll see you next year on the beach when we hope we can continue to develop a program that will be even better, bigger and more fun. We have many goals for the new season... the fun has only just begun.

Ang Hawkes & Deb Middleton

## **Gear Steward / IRB Captain**

This season saw the acquisition of a new I.R.B. due to the TABCORP sponsorship with S.L.S.V. and also the club purchased a new board rescue board from Neil Oke at Proglas. Both pieces of equipment were gratefully accepted and used by club members.

Overall this season members looked after equipment quite well however, It is important that as soon as something needs repairing or even replacing that you inform either myself, the club captain or even your patrol captain so that immediate steps can be taken to alleviate the problem. This responsibility falls to everyone not just a few.

Congratulations are in order to Robert Harvey, Trent Doherty and Vaughan Bascombe on obtaining their I.R.B. drivers this summer. There can never be too many drivers at the club, along with those who are able to crew in the correct manner. With the I.R.B. being used for most rescues, it is vitally important that all members spend time in "The Duck."

Finally a quick thank-you to all those who assisted me over summer in keeping equipment up to scratch. Look forward to seeing everyone taking more care of equipment next summer.

Mick Mules.  
I.R.B. Captain/Gear Steward

## Team Managers

The season of 2000/2001 turned out to be a really positive start to the growing side of competition.

Attending several carnivals the team trained hard and showed the results.

A carnival at Point Leo kicked off the competition season with Cape Paterson taking a small team over to the swell deprived beach, with few competing they still did well.

After Point Leo it was down to Cape for the club champs in late January, with a good turnout Patrol 2 came out on top with the help from the Nippers to win quite comfortably even after a few upsets like the IRB race! A few debuts made the day more interesting with the likes of Noonge and a return from Rod Rogers. With the points tallied up at the end of the warm day it was Laura Baquie who won the female club champion for the 5th time running surprise, surprise and myself (yoda) who took it out for the males.

Shortly after, following a big night out at Al and Nat's wedding a seedy crowd ventured off to Ocean Grove to compete, all did well considering. Well done guys!

After the wait, the Vic's finally came in mid March with a massive turnout that everyone should be proud of, with tents as far as the eye could see the weekend was a real blast! This years Vic's also happened to have the best results we have ever had, with Jim and Al both receiving bronze medals in their single ski's at the masters and several people making finals in sprints, flags and relays and not to mention the sensational support from Bec, Lou, Deb, Marina and anyone else I haven't mentioned for their sideline support. Even though the rain did wash some of us away, it didn't stop Cape Paterson having a good time.

Not soon after it was time for a very disorganized club premiership at our home beach. With a big turnout of 2 other competitors we still competed and it was all over in 20 minutes.

Overall it was a really good season and everyone should be proud of their efforts. A big thank you to everyone who competed, supported and helped.

See you on the beach!

Yoda and Felty

5.	Rebecca Bohnsack	4 points
	Simone Rogers	4 points

## Tribute to Nick Mules

Nick first joined the club in season 95/96 by obtaining his bronze and also his radio operators certificate. From there Nick also gained many awards at the club, including his ARC certificate and IRB driver's certificate. During Nick's time at the club he also managed to patrol over 500 hours, finishing in the top 3 for patrol hours 5 seasons in a row.

However there was plenty of other activities Nick achieved outside of just patrolling, including the instruction of several bronze camps, head chef of dozens of BBQ's and generally being the 1st to arrive and the last to leave at any club function. He was also seen quite often with hammer in hand during the demolition and the construction of the clubhouse refurbishment's.

Competition was another aspect Nick contributed to quite frequently, representing his club on several occasions, not only in local carnivals but also at state championships and national championships. Club Championships was also an aspect Nick enjoyed and competed with great spirit and a sense of fun. Who could forget his 3 legged race at club champs this season with his father's prosthetic leg!

Nick was certainly loved and respected by all club members and he will be sorely missed by all those who had the privilege of knowing him.

Nick passed away on Sunday 20th May.
